Inter Foundry

**International Exhibition for
FERROUS & NON-FERROUS
Foundry Industry**

September 10-12, 2026

Codissia Trade Fair Complex,
Coimbatore, India

Powered by:

The Bright World of Metals

Concurrent TradeFair

**Inter 
DieCast**

VAA | Exhibitions

Inter Foundry is an international exhibition with focus on foundry technologies, including equipment, processes, materials and services required for Ferrous & Non-Ferrous foundries and the Casting Value Chain. With Inter DieCast – an international exhibition on die-casting technologies, supplies and products as concurrent trade fair, this trade fair duo will present exceptional opportunities for networking and business growth during September 10–12, 2026 in Coimbatore for all the stakeholders of casting industry.

This biennial platform for the casting industry will take place in Coimbatore, a hub for manufacturing and engineering industries, with a strong presence of foundries. Inter Foundry exhibition offers an excellent opportunity for suppliers to connect, showcase, and promote their solutions to a targeted audience from both ferrous and non-ferrous casting and allied industries.

The previous edition of Inter Foundry & Inter DieCast held in 2024, witnessed outstanding participation of 220 Exhibitors showcasing cutting-edge technologies and solutions which were witnessed by 8,058 visitors from across the country. It brought together foundrymen, suppliers, innovators, and industry leaders, creating a dynamic environment to explore the latest advancements and address the challenges being faced.

Over **88%** of exhibitors confirmed their participation in the next edition

90% of exhibitors rated success of their participation as good / excellent

Visitors by Region

Role in Purchasing

Exhibition Focus

- Technology, Quality, Productivity, Process Efficiencies, Waste Elimination, Finishing & Handling Automation, Metallurgically Sound Materials and Testing Equipment.
- Future Foundry Technologies & Modern Equipment Manufacturers, Suppliers and Service Providers for Moulding, Melting, Pouring, Sand Plant including Reclamation and Post Casting Processes, Knock out, Shot Blasting, Runner / Riser cutting / Handling, Fettling & Finishing and Heat Treatment
- Automation & IOT Specialists Focused on Foundry Processes & Casting Value Chain
- End to End Metal Casting Design, Simulation, Testing & Validation Equipment Suppliers & Specialists including Methoding & Pattern Making
- Modern and Improved Material Suppliers
- International Trade bodies, Educational & Training Institutions, Publishers of Books, Periodicals & Journals

Exhibit at Inter Foundry to

- **Connect with Key Decision-Makers and Investors:** Engage with an audience focused on growth and investments.
- **Leverage Networking Opportunities:** Maximize meaningful connections and communication prospects.
- **Drive Business Growth:** Utilize the perfect platform for impactful business discussions and collaborations.
- **Enhance Visibility and Market Reach:** Expand your presence among casting manufacturers from India and neighbouring countries.

FDF is a Section 8 Not for Profit Organisation by Foundrymen for Foundrymen to support Indian Foundries to Upgrade & Improve Technology, Productivity, Time to Develop / Market, Test & Validate Processes & Products both On & Off Site.

FDF has 3 verticals:

1. **FOUNDRY MATERIAL SOURCING (FMS)** - to Bring together Foundries and Material Suppliers for Optimised, Best in Quality & Quantity Buying Solutions at Best Prices and Supplier Managed Inventory through Consortium Buying and Reverse Auction
2. **FDF CENTRE OF EXCELLENCE (FDF COE)** - a Modern Foundry complex to Upskill / Develop Human Resources by Providing Structured Hands on Training & Casting Development to Improve Productivity & Efficiency to Match Global Standards.
3. **FDF INTER FOUNDRY EXHIBITION & CONFERENCE** - to Identify and Bring Latest in Foundry Materials, Technology, Equipment and Services

ORGANIZING COMMITTEE

Mr. Jayakumar Ramdass - Joint Managing Director, Mahendra Pumps

Mr. C. Sathyamurthi - Vice President, Aquasub Engineering (Foundry Division)

Mr. R Palaniswami - CEO, Rangasayee Alloy castings

Dr. Nithyanandan Devaraaj - CEO, FLS Voith

Mr. R Saravanan - Managing Director, Sandfits Foundries Pvt Ltd

Mr. J Ganeshkumar - Managing Director, Indo Shell Cast Pvt Ltd

Mr. G. Ezhil - Managing Director, Ultimate Alloys (P) Ltd

Mr. M Ramesh - Managing Director Alphacraft Pvt. Ltd.

Mr. K Veluswami - Managing Partner, Marks Engineering Works

Mr. Hari Viswanathan - CEO, Auto Diecasting Company

Mr. Sivaprakash - Managing Partner, Vasanthi Foundry

Mr. Ashwani Pande - CEO, VA Exhibitions Pvt. Ltd.

Mr. Vamshidhar Gurram - Director, VA Exhibitions Pvt. Ltd.
